Project Overview:

The project aims to centralize information by gathering all MCIT scholarships and training programs into a single platform, providing easy access for students to find relevant opportunities based on their field of study and eligibility. It also supports educators by allowing them to apply for training positions within MCIT programs. Additionally, the platform ensures up-to-date information by displaying accurate deadlines, eligibility criteria, requirements, and key details for each scholarship.

Team Members:

- Rawda Mohamed Al-Sayed Hassan
- Heba Mohammed Meselhi
- Heba Ahmed Abdel Moneim Mohamed
- Sohila Ahmed Aboelyazed Shasha
- Ziad Hamdi Abdel Rahim
- Fatima Ibrahim Mukhtar

Instructor: Dr. Eman Abdellatif
